PLEASE NOTE: The school district boundary appearing on this map was prepared for the Department of Education. It does not necessarily represent the legal boundary of the district. It is a generalization of boundaries drawn on maps in the late 1980s by county official`s and modified by the U.S. Bureau of the Census, most recently for Census 2000. For the academic year 2006/2007, LMIC asked school officials to review maps of the Census Bureau`s district boundary and indicate areas they felt were in error. Their additions/deletions may not have been coordinated with adjacent school districts. Please contact your county's auditor or assessor to obtain an accurate legal description of the boundary.
