

Minnesota Elevation Mapping Project

Arrowhead Project Area
Anticipated Delivery Dates
March, 2012

These dates represent when the vendor anticipates that the LiDAR data will be delivered to the State. Data publication will be two to four weeks after delivery date contingent on the results of QA/QC work.

Data can be downloaded from:
[ftp://mic.state.mn.us \(/pub/data/phys_biol/elevation/lidar\)](ftp://mic.state.mn.us/pub/data/phys_biol/elevation/lidar) - faster
[lidar.dnr.state.mn.us \(/data/county, /data/projects\)](http://lidar.dnr.state.mn.us (/data/county, /data/projects)) - slower

The Minnesota Elevation Mapping project is sponsored by the Minnesota Clean Water Land and Legacy Amendment.

Project Partners include:
Minnesota Department of Natural Resources,
Minnesota Department of Transportation,
Minnesota Geospatial Information Office,
Minnesota Pollution Control Agency
Carlton, Cook, Lake, St. Louis County
The City of Duluth
Natural Resource Conservation Service
National Park Service
National Forest Service
